me, myself and mrsdong

last night my 7 year old brother was busy typing on the computer. i said, "why are you busy typing at the computer, brother" and he whispered, "BECAUSE I HAVE A FUCKING ESSAY TO COMPLETE AND IF I DONT FUCKING COMPLETE IT I WONT GET IN TO COLLEGE NOW LEAVE ME THE FUCK ALONE I HAVE ABSOLUTELY NO FUCKING PRIVACY JEEZUZ" he ran to his room in tears and laughter, unfortunately this meant that i could have entry to computer access, so i happily took the computer. after spending about three days looking 4 hot girls ready to hook up on neopets i finally found a local single in my area! the best part is she was ready 2 chat! it all seemed so perfect. but there was a catch...

hold on guys i gtg take a bath with my dad ill finish writing the rest l8r

ok im back so i found this babe on neopets named cinnamon and she said she was a pornstar and she had done work with many f8mous male pornsters such as keiran lee, and danny dong. seeing as danny dong was a very very close friend of mine i gave him a ringer and he picked up the phone. i asked him if he knew anyone named cinnamon and he said luckily i do. he said, "i met a girl named cinnamon in a cockfighting ring once and she gave me the best damn rimjob a man could ask for. i spent long nights pondering if i would ever meet my flower again or if i would ever get another rim job as good as that, but i never did." i replied with, "SO YA KNOW HER?!" and he retorted, "fuck no, whatre you doing for lunch?" i hung up the phone right after i screamed "UR MOM LOL BUTTHURT FAG" in the best 12 year old voice i could. i had to get my vengeance, and i did so by fucking his mom for 2 years straight, i hated it she loved it i might give her a call alright ill give her a call just to check up on her

hold on guys apparently my old man isnt done in the tub yet .

the phone call went great! apparently shes decided to become a skinhead and thats just great 4 her. i really respect people who make choices like that. to me, those are the best kind of people. they say, "hey world, this is my life, and if you wanna fuck around in it thats not cool and i think u should fokus more on ur life instead of mine" because of this new found respect, i apologized for never talking to her again past our sex. man, did i feel like an immature nobody. what kinda guy just fucks without calling back? it just doesnt make sense. i sent her an edible arrangement as a gift. i wrote the most heartfelt note i possibly could to get her to have sex with me again. it read, "dear , i am sorry for using u liek some sort of sex machine, i realize now that women are more than just some sweet poon, and you have to dig deep into the vast cavities of the vagina if you want to find her heart. and when you do find the heart it is the most incredible experience you will ever feel, it will be better than any of the sex that you might have previously had and your hair will stand up on your neck. will you give me another chance ?

love, -iluvbbcm8"

due to a horrible change of events, a blimp shaped like a dildo that was piloted by me experienced some "turbulence" and crash landed onto the recently exploded front porch of . i survived, but "unbeknownst" to me had died 13 times.

hold on guys im almost done my grandmas bitching to me during her last words
